The Network

Greetings to you all in the name of our Lord Jesus Christ.

So the days are slowly lengthening which means Spring is just around the corner. In the growth cycle, every season does its work, even Winter.

In Winter the ground rests and hardens to create a resilient place for seeds to grow. The same is true in Spiritual life. The ground of our hearts rests and hardens to create fertile and resilient soil for new life. When Spring comes, the seeds of new Spiritual life are sown. The Easter story reminds us where this new life comes from and how to get it.

"The son of man did not come to be served, but to serve, and to give his life as a ransom for many". Matthew 20:28.

Jesus gave up his life to pay the price for Sin, Death and Evil. For us it means we can know Jesus personally and can experience freedom from the earthly things. It also means Jesus' very life is poured into us. The results are: life forever with God, a servants' heart and a humble and generous heart. And so much more.

This is good news to share. In February and March, on Sunday mornings, we will be exploring the good news of the Easter story and how to share it with others.

May a fresh vision of God and new life spring up in our hearts and lives, producing much good fruit in season.

In the love of Christ,

Glen and Rowan Graham
